MEMORANDUM FOR: **Participants of Problem Solving Seminar No. 7**

25X1

SUBJECT : **Dependent Related Problems of Agency Employees**

1. I wish to take this opportunity to thank you formally for the time and thoughtfulness each of you contributed to Problem Solving Seminar No. 7 and the preparation of your report.

2. While I believe that, given the size of the Agency and the complexity of its mission, we do not have a problem of significant proportion, be assured that every element of the Agency charged with direct responsibility to deal with dependent related problems is cognizant of the importance we attach to that responsibility.

3. Your recommendations have merit and no doubt an appreciable benefit would result from their implementation. Other priorities in the allocation of personnel and funds prohibit the assumption of additional programs, but I have urged our Offices to be alert for signs of increasing problems and to do whatever they can within their current resources.
